ENSTONE PRIMARY SCHOOL NEWS

Happy New Year from all at Enstone Primary School. The new term has started well, with children and staff feeling refreshed after a lovely Christmas holiday. All classes have new topics to explore, as well as a wealth of extra-curricular opportunities which will enrich our curriculum. Ahead of us in the spring term is our annual House Festival, a trip to the Sheldonian Theatre to hear the County Youth Orchestra play, folk music workshops for Key Stage 2, a chance for Years 5 and 6 to participate in Chipping Norton Music Festival, a variety of sporting tournaments for our eager sports teams to get stuck into, and of course the annual celebration of “World Book Day” (complete with amazing costumes). Phew! There will certainly be lots going on to engage and motivate our pupils as the spring term unfolds.

Our Eco Warriors would like to remind the local community that we still collect used postage stamps which raise money for local charity, **Thrive**. We would be grateful if anyone would like to save their stamps for us (cut from the envelope with a small paper border). You can pop small bags or envelopes of used stamps into the post box in the main entrance any time you are passing.

Thank you.

ENSTONE W.I.

Last month we celebrated the New Year with an enjoyable evening at The Crown.

Three members also visited our neighbouring WI in Charlbury to listen to a talk from a member of The Time Team. An informative presentation somewhat marred by our chattering teeth, we came away really appreciating our own warm Parish Hall. In February we will be discussing this year's 4 proposed WI Resolutions which are about dental services, housing conditions, gambling adverts and criminal justice. A short presentation will be given about each followed by a vote. Our selection will then be forwarded to OFWI. The national winning resolution will then be proposed at the Annual Meeting later this year.

If you would like to find out more about our WI please call Angela 677728 or just come along to a meeting, we meet on the 2nd Thursday of each month in The Parish Hall at 7.30 pm

ENSTONE ECO

During the colder months the wildlife in your garden may need a helping hand. Here are some things you can do to make your habitat a safe haven and increase biodiversity:

- Feed garden birds with fat balls, the higher fat content gives them an extra boost. (The Natural History Museum has some great clips to help with pine cone fat ball feeders www.nhm.ac.uk).
- Thrushes and blackbirds favour fruit too, so scatter well-ripened apples and raisins.
- Put out fresh water for all birds, especially when things have frozen over, so they can carry on drinking when it's cold.
- Create a hedgehog hole or highway to allow hedgehogs to roam from garden to garden. You could get one sorted in time for the hedgehogs to come out of hibernation. Search www.wildlifetrusts.org to see how. Hedgehogs like to travel 2 km each night. Let's get our village connected!

- Try to resist tidying your garden too much as some insects may be sheltering in leaf litter and butterflies may be hibernating in your garden shed.
- Make a beetle bucket to encourage more of these wonderful creatures and bring balance to your garden. See the booklet from The Wildlife Trusts entitled 'Bring back our beetles'.

Sit back and enjoy! Hopefully some of you will have taken part in The Big Garden Bird Watch. Let us know what you've seen, we'd love to know your favourite bird seen in Enstone.

Join us for our next meeting on Wednesday 14th February, 7-8.30pm St Kenelm's Church. Get in touch on enstoneeco@gmail.com

WINTER SUPPORT FOR RESIDENTS

As winter arrives and temperatures drop thoughts may be turning to staying warm and well. There's a range of support, tips, advice and grants, available in Oxfordshire. The free, local and independent Better Housing Better Health service is there for residents who may be finding it hard to keep themselves or their family warm and well. For some residents they can offer a home visit to provide more tailored advice and support.

Referrals can be made to grant schemes for new heating or better insulation, making money go further. This year there are more grant schemes available than previous years for energy efficiency measures like loft and cavity wall insulation and some schemes' eligibility criteria has changed.

Head over www.oxfordshire.gov.uk/keepingwarm for more information or call 0800 107 0044 for advice on energy saving or bill support.
